## FORENSIC EXPERTS

We are Forensic Expert a leading Cybersecurity and Digital Forensics education provider. At Forensic Expert, We are committed to empowering individuals aspiring to excel in the field of Cybersecurity and Digital forensics.

Our organization has successfully delivered comprehensive training programs in various forensic and cybersecurity disciplines, including **Cybersecurity & OSINT, Cyber and Digital forensics, Crime Scene Investigation, Questioned Document Examination & Forensic Fingerprint Analysis**. The positive outcomes of these programs have motivated us to introduce our most ambitious training initiative to date.

Recognizing the increasing demand for skilled professionals, We are launching our comprehensive Cybersecurity & Digital Forensics Placement Training Program. This won't be just a training but a Placement Training, So the students who will opt to this course will get placement opportunities in various countries which can be National and International too.

# CYBER SECURITY AND DIGITAL FORENSIC PLACEMENT TRAINING PROGRAM

## COLLABORATION PARTNERS

We are seeking partnerships with:

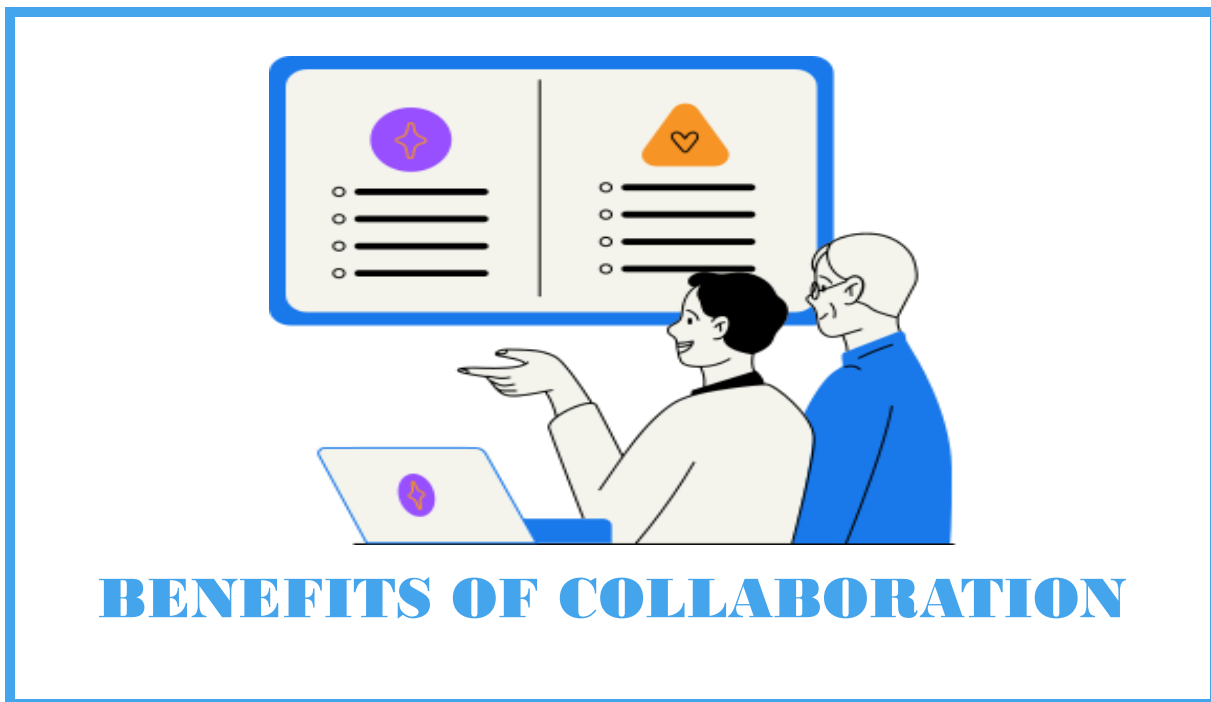

- **Cybersecurity Firms:** Companies that specialize in cybersecurity solutions, threat analysis, and data protection.
- **Forensic Laboratories:** Organizations involved in digital forensics, evidence analysis, and cybercrime investigations.
- **Tech Companies:** Businesses with a need for skilled cybersecurity professionals to safeguard their digital assets.
- **International Companies:** Particularly those with operations in cybersecurity and digital forensics, including firms in the Gulf region.
- **Start-up's** - Particularly those who belongs to the field of Cybersecurity and Forensics.

## COLLABORATION OPPORTUNITIES

We offer various collaboration opportunities, including:

- **Joint Research Projects:** Collaborate on research initiatives to advance the field of cybersecurity and digital forensics.
- **Guest Lectures:** Invite your experts to share their knowledge with our students.
- **Internship Programs:** Provide internship opportunities for our students to gain practical experience.
- **Placement Opportunities** - As Companies required skilled candidate and getting them involves a lot of process, but we will provide a single platform from where they can get skilled candidate easily.
- **Other Collaboration Opportunities:** We are looking for partner shipping with other companies as well which are not from this domain for promotions and branding to get mutual benefits.

Collaborating with Forensic Expert offers numerous benefits, including:

- ✚ Access to Trained Employees: Partner companies will have access to a pool of candidates who have undergone rigorous training and are ready to contribute from day one.
- ✚ Influence on Curriculum: By partnering with us, companies can provide input into our training curriculum, ensuring it meets their specific needs.
- ✚ Efficient Recruitment: Streamline your recruitment process by hiring candidates who have already been trained in the tools and techniques your company uses.
- ✚ Branding and Promotion: You can advertise and promote your company's branding with us.
- ✚ Promote your platform: You can promote or advertise about your company's program on our platform.

## HOW TO COLLABORATE

We invite Companies, Organization and Professionals in the Cybersecurity and Digital Forensics domains to collaborate with us in this exciting initiative. Together, we can empower the next generation of experts and ensure they are fully prepared to tackle the challenges of tomorrow.
